NINE YEAR RECORD OF THE CONSERVATORY OF MUSIC.

## A HOMECOMING NEXT YEAR

Graduation Program Friday Night Pleased Critical Audience—An Excellent Record Made.

The ninth annual commencement of the Maryville Conservatory of Music took place Friday evening at the First M. E. Church before a large audience.

Every number on the program was good and it would be impossible to go through the program and tell of each number given and speak of the excellent execution. It is enough to say that each one was a credit to the faculty and the school.

The class was assisted in giving its program by Mr. Bock of St. Joseph, a violinist, who has been a student of Mr. Worst S. Morse, the famous violinist and instructor of that city. Mr. Bock's numbers were the most popular on the program. He responded to several encores. He pleased the audience immensely and many who had heard Mr. Morse thought he had a pupil in Mr. Bock, whose playing is much the same as his preceptor, who will have to look well to his laurels in Maryville in future.

The diplomas were happily presented by Rev. Lee Harrel, who gave the class some good advice about playing when asked to do so, and were admonished to hold to their talent and cultivate it by using it freely, for, he said, "It is the greatest harmonizer in the world." He gave several beautiful quotations on the power and influence of music and made all who heard, long for the talent or time that would permit its study.

The following was the program:

Quartet (two pianos) Tancred Overture.....Rossini

Misses Reuillard, Fraser, Dysart and Tarpley.

Solo, Polonaise, Op 26 No. 1....Chopin

Miss Clayton

Solo, Humoreske.....Dvorak

Miss Reuillard

Quartet (two pianos) Egmont

Overture.....Beethoven

Misses Vance, Clayton, Turner and Abbott.

With the graduation of last night's class, Director Landon has given 101 diplomas to graduates and post-graduates from his school. All those who have graduated from Mr. Landon's conservatory have continued to keep up their music studies and many have opened studios and are at work in ten different states. He keeps in touch with them and feels a degree of pride in them and their work that is altogether pardonable.

Next year will be the tenth anniversary of the Conservatory, and Director Landon is already beginning plans for a big jubilee at commencement season. He intends to make it a "home-coming" for the

alumni and there will be feasts of music, both vocal and instrumental, such as Maryville has not yet known.

The conservatory has had a very successful year and the outlook for the coming year is greater than it has ever been. Maryville has nothing to which she may point with truer pride than her conservatory. The influence the school has exerted over Maryville's educational interests cannot be estimated and that it has been the means of many good things coming to us could not be denied.

We are proud that its director is recognized among the leading musicians of the state and heads the Missouri Music Teachers' Association. He has honored us by his work and we believe Maryville fully appreciates and values him and his school, although she may seem slow to say so sometimes. The musical taste of the entire community has changed since he began to labor with us, and it is provable in the fact that to insure a good audience for music, we have to know it is the best going or it will not have an audience. Maryville will take pleasure in assisting Professor Landon prepare for the Jubilee and Home Coming for the tenth anniversary of the Conservatory.

### SHUCKING CORN.

Jack Bowman of Near Quitman is Getting Out 800 Bushels.

It sounds funny, but Jack Bowman, who lives a mile and three-quarters northeast of Quitman, is this week getting out 800 bushels of corn he had to leave in the fields last fall. Some of his neighbors are geying him and saying that this cold weather we are having has fooled him and he thinks it's fall. But no one knows better than Mr. Bowman does, that he ought to be planting now instead of shucking. It will take him two or three weeks yet, with what help he can get, to get his fields cleared of last year's stand.

### Says He Is Misrepresented.

Henry Foster, a contractor of this city, said Saturday morning that the article in Tuesday's paper from a striker as to what Foster's letter to J. R. Edwards, superintendent in charge of the postoffice building, as to the scale of wages here, was misrepresented. Mr. Foster says that he has been paying from \$1.75 to \$2.00 a day and more when they do the work to justify the money. The striker in his article said that Foster said in his letter that he was paying \$1.70 a day.

### Her Niece a Graduate.

Miss Mattie Tarpley and Mrs. W. M. Sharp of Skidmore came to Maryville Friday to attend the Conservatory commencement, Miss Tarpley's niece, Miss Maud Tarpley, being one of the graduates. They are guests at the home of Miss Tarpley's brother, J. H. Tarpley.

## MADE LIST OF BOOKS

READING CIRCLE BOARD MADE SELECTIONS FOR LIBRARIES

## SUITABLE FOR THE GRADUATES

Superintendent Oakerson One of Committee to Select Books for School Libraries of the State.

While County Superintendent Wm. Oakerson was at Jefferson City this week he attended a meeting of the reading circle board and a list of books were selected by the committee which they thought were the most suitable to courses of study for school libraries. All school libraries are urged to get these books.

On the committee with Prof. Oakerson is State Superintendent Evans, Supt. Eul Lamkin of Henry county, Supt. L. E. Brouss of Barton county, Supt. John P. Gass of the Sedalia schools.

The following is the list of pupils' reading circle books for the year 1912-1913:

For class D, grades I and II, The Early Cave Men, by Dopp; Polly and Dolly, by Blaisdell; In Fableland, by Serl; Children of the Cliff, by Wiley and Edick; From the Land of Stories, by Claxton.

For class C, grades III and IV—Evenings with Grandma; The Christmas Angel, by Pyle; Sleepy Times Stories, by Booth; John of the Woods, by Brown; In Field and Pasture, by Dutton.

For class B, grades V and VI—Two Little Confederates, by Page; Heroes and Greathearts; The Story of Cotton, by Brooks; Ethics of Success II, by Thayer; Norse Stories, by Mable.

For class A, grades VII and VIII—Little Men, by Alcott; Anne of Avonlea, by Montgomery; Heidi, by Spyrri; Sweetbrier and Thistle-down, by Baskett; On the Trail of Grant and Lee, by Hill.

### Brought Guest Home.

Mrs. Harold VanSteenbergh returned Saturday morning from Hopkins, where she had been attending the closing exercises of the high school. She was accompanied by M. J. Rebecca Groves, the mother of Mrs. E. C. Wolfers, Jr., who will be the guest of the VanSteenbergh families for a week or so, while Mr. and Mrs. Wolfers and son, Maurice Wolfers, are off on an auto trip to Columbia. The Wolfers were accompanied as far as Columbia by Miss Rowena Campbell, a high school teacher, who is on her way to her home in Kansas City.

### Spoke of Abraham Lincoln.

The students and faculty of the Normal had the privilege of listening to some interesting points in the life of Abraham Lincoln this morning at assembly, from the lips of one who knew the ex-president personally for twelve years. The speaker was M. B. Yeaman of this city and the phase of the life of "Honest Abe" that Mr. Yeaman disclosed to his listeners was of deeper interest and contained that personal touch that one does not get from the biographer.

### Will Visit Their Parents.

Mrs. H. H. McMaster and her sister, Miss Luna Corbin, of Hopkins, were in Maryville Saturday on their way to Kirksville to visit their parents, who will leave in a month for a summer's visit in Montana. Mrs. McMaster will return home when her parents leave for their trip. Miss Corbin has just closed her year's work with the Hopkins high school. She expects to go to Colorado Springs in July to visit her sister.

### Will Teach Music.

Miss Eunice Mae Garten of King City, who gave her post graduate recital at the Maryville Conservatory Monday night, returned to her home Saturday. She was accompanied by Miss Loretta Cummins of King City, who came to attend her recital. Miss Garten expects to engage in teaching music the coming summer.

### Attended Commencement.

Miss Pearl Vance of McFall who has been spending several days in the city with her sisters, Misses Valeda and Evalae Vance, returned home Saturday. Miss Valeda Vance graduated from the Maryville Conservatory Friday night, and Miss Evalae is a high school student.

Mrs. J. Arthur Wray and daughter, Miss Nellie Wray, visited with relatives in Pickering Friday.

## TO ATTEND STATE MEETING.

Dr. Fisher to State Medical Meeting at Sedalia—Will Also Visit His Parents.

Dr. A. T. Fisher will leave Sunday morning for Sedalia, Mo., where he will attend the State Medical meeting which will convene in that city on Tuesday. Dr. Fisher is a delegate to the meeting from the Nodaway county society. He will also visit his parents, Mr. and Mrs. R. C. Fisher at Lamonte for several days. Dr. C. T. Bell and Dr. Wm. Wallis, Jr., also expect to attend the State Medical meeting.

## ANDERSON FARM SOLD.

Price Received Was \$19,200 For 160 Acres—Purchased by Wm. Doffing.

The John Anderson farm, known as the Leet farm, was sold Friday afternoon to Wm. Doffing for \$19,200. The farm contains 160 acres. Mr. Doffing, the new owner, is a resident of this city, having moved here recently from Corpus Christi, Texas. The farm is highly improved and is considered a bargain at the price paid. The sale was made through Allen Bros.

## News of Society and Womens' Clubs

### Will Assist at Party.

Miss Martha Koch, daughter of Mr. and Mrs. C. D. Koch, who is attending Sacred Heart convent at St. Joseph, arrived Friday night to visit her parents over Sunday. Miss Koch will assist in entertaining Saturday afternoon at the party given by her mother and Mrs. Leslie Dean.

### A Day in the Country.

The senior class of the high school are spending Saturday at the farm of Mr. and Mrs. John Halasey, northwest of Maryville, guests of Miss Mary Halasey, and Mr. and Mrs. Anderson Craig are entertaining Mrs. Craig's Sunday school class of girls at their farm north of the city, at an all-day picnic.

### Entertained Bible Classes.

Miss Katherine Helwig informally entertained the members of her Sunday school class at the First Baptist Church Sunday school at her home Friday evening, also some of the girls of the Y. W. Bible class of the State Normal. Those present were: Misses Ruth Ramey, Carrie Snell, Lillian Seat, Laura Ozenberger, Byrde Ozenberger, Mayme Morris, Mabel Graham, Amy Casebeer, Mabel Harmon, Lena Barton, Pearl Doughty, Lena Wells, Mary Fordyce, Minnie Kennedy, Emma Dungey, Julietta Lance, Miss Burnham.

### Eighty Guests at Dominoes.

Mrs. Leslie Dean and Mrs. Charles D. Koch entertained eighty guests with a domino party Friday afternoon at Mrs. Koch's home, 334 East Fourth street. Green and white was the color scheme in the decorations and serving. Snowballs were used exclusively for decoration and proved very effective in enhancing the beauty of the lovely rooms, the dining room, where punch was served, being exceedingly attractive. Mrs. LeGrande Gann presided at the punch bowl. She was assisted by Miss Dale Hoffman, daughter of Mrs. Dean, one of the hostesses, and Miss Majorie Wilfley, Miss Glen Hotchkiss, Miss Carrie Margaret Baker and Miss Mildred Robinson. Miss Margarite Cummins received the guests at the door. The game prize was won by Mrs. Fred Kurtz and Mrs. John Cameron, who cut for it, Mrs. Kurtz winning. There were two out-of-town guests, Mrs. Frank Welch and Mrs. Joseph Miller of Shenandoah, Ia. The guest prize went to Mrs. Welch.

### SUSPECTED OF ROBBERY.

Man Being Held at St. Joseph, Who Was in Arkoe the Day Before Robbery.

Deputy Sheriff John Tilson received word from St. Joseph Saturday morning that the police of that city was holding two men, one of whom claimed he was in Arkoe the day before the robbery took place in that town. Mr. Tilson went to St. Joseph Saturday afternoon and will bring them back if he thinks they are the guilty parties.

Mr. and Mrs. John Bookman went to St. Joseph Saturday morning to spend the day.

Mrs. S. J. Yeager went to Creston Saturday to visit her daughter, Mrs. M. S. King.

## TWO DAMAGE SUITS

GREAT WESTERN MADE DEFENDANT IN LITIGATIONS FILED.

## MADE WIFE SHUCK CORN

Lizzie McCullough Also Had to Chop the Wood Says Her Petition for Divorce Filed Saturday.

As Saturday was the last day of service on all cases except notes and accounts for the June term of circuit court, many cases are being filed.

A divorce suit was filed by Attorney Ellis G. Cook for Lizzie McCullough from Charles W. McCullough. The petition states that they were married on August 20, 1911 and lived together until August 4, 1912, and also alleges that the defendant struck her, and made her shuck corn and chop all the wood and would not provide for her support. The parties come from Elmo.

Ed Allen is suing the Chicago Great Western for \$75 as fire commuted from locomotives burned and consumed a great quantity of his timber and trees on his farm near the railroad tracks. Cook, Cummins & Dawson are his attorneys.

Another suit against the Great Western is that of T. E. Archer. He states in his petition that on February 26, 1911, the railroad company negligently and carelessly delayed a shipment of stock and that it was damaged in the sum of \$75. He asks for that amount. In the second count of the petition, he asks for \$25 from the railroad company for furnishing lumber and doing the work of fixing up the doors of five of the railroad company's grain freight cars. Cook, Cummins & Dawson are the attorneys for the plaintiff.

## TO PLAY FACULTY TEAM.

First Team to Have a Game With That Team on Tuesday.

Look who's here. Capt. V. I. Moore of the Normal faculty baseball team issued a challenge to the first team of the school for a game Tuesday afternoon and has been accepted. After the manner in which the faculty basketball team five showed up, the first team last winter, the students have had a word of respect for their instructors' athletic abilities. A field day exercise for the members of the first team will follow the ball game. Although Capt. Moore hasn't completed his line-up as yet, it is probable that Prof. Lesh will do the twirling act. The Professor is a south-paw and the way he had the boys beating the air one evening when he was pitching to them in batting practice, led them to believe that he must have been the mainstay of his college pitching staff. Dean Colbert, who "cavorted about" in right field in a former faculty-student conflict with a gunnysack to capture flies and an umbrella to keep off "old Sol," reported to the captain with a new ball-proof parasol. But of course, the students won't dare to beat their pedagogues very badly because here it is examination time.

## Attended Commencement.

Mr. Lona Perrin and Miss Mae Growney returned Saturday morning from Burlington Junction where they were guests of Mr. and Mrs. O. E. Wilson for the high school commencement Friday night. Harry Wilson, the son of Mr. and Mrs. Wilson, was one of the graduates. The following program was given:

Invocation.....Rev. L. C. Sappenent

Male quartet....."When Day Fades"

Messrs. Corken, Rhodes, Barber and Godbey.

Class oration.....Edna McClelland

Ladies' chorus....."Greeting to Spring"

Twelve voices.

Annual address....."The Making of a Man"

Dr. J. E. Dillard, of St. Louis

Presentation of diplomas.

Class song.

Benediction.....Rev. Jno. W. Love

Mr. and Mrs. John Leonard of Corn

ing, Iowa, are guests of Mr. and Mrs. Henry Martin of South Vine street.

THE AGES OF THE PRESIDENTIAL CANDIDATES.

In an article in the June American Magazine entitled "Our Next President and Some Others," the author, Ray Stannard Baker, presents the following facts:

"It is interesting to know that every one of the seven candidates, even including Roosevelt, has been admitted to the bar, and five of them have had successful careers. No one of them is a business man, and no one, save Mr. Harmon, has had any considerable experience with business affairs, either large or small. No one of them is a rich man and though several of them, by virtue of their high talents, have been able at times to earn large incomes, they have all been hard workers. Two or three of them have been relatively poor men all their lives, living frugally and devoting themselves unreservedly to public work.

"All of the candidates, save Wilson, have had long experience in public office and in dealing with public men and public questions. While most of them can be called able politicians, no one of them belongs to that extreme type known as a machine politician; a boss. There is to the credit of every one of them not a little sound public service.

"All of the seven, save possibly Harmon, are at the very prime of life for national leadership. These are their ages:

- Underwood, 50 years.
- Roosevelt, 54 years.
- Taft, 55 years.
- Wilson, 56 years.
- La Follette, 57 years.
- Clark, 62 years.
- Harmon, 66 years.

"It is also curious rather than of important interest, that most of the seven were born in States which have long been fertile in the production of presidents and presidential candidates. Wilson was born in Virginia, Clark and Underwood in Kentucky, Taft and Harmon in Ohio, and Roosevelt in New York. Only one candidate, La Follette, comes from what may be called a new presidential state."

POLITICAL ANNOUNCEMENT.

For Sheriff.

We are authorized to announce Martin H. Borrusch of Polk township is a candidate for the nomination of sheriff of Nodaway county, subject to the decision of the Republican voters at the August primary.

HIGH SCHOOL NOTES.

The visitors for the week were Misses Blanche Welsh and Anna Balmum and Mr. Gene Cummins.

The Advanced Seniors are spending the day at the country home of Miss Mary Halasey. If we may judge by the trip which the class took to the home of Mr. Ova Goff at Barnard a few weeks ago we may rest assured that they will spend a most enjoyable day.

The caps and gowns which the graduating class will wear during the next few days, arrived Friday.

There remains but one more week of school during which the examinations for their semester will be given.

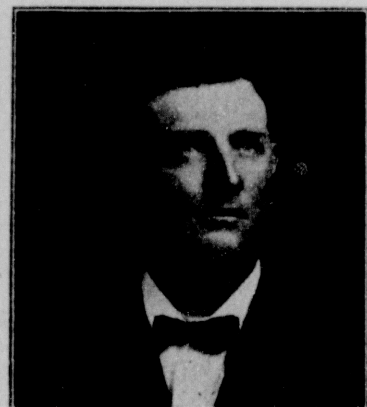

The graduating class is preparing a program which will be given Friday afternoon. Among the numbers will be a one act comedy entitled "Obstinacy," the cast including Misses Dale Hoffman, Hildred Hanna, Cathern Cox, and Messrs. Goodson Lytle, Horace Gibson Orlo Quinn. The Class history will be given by Miss Grace DeMotte.

CANDIDATE FOR SHERIFF.

Dudley Rice of Hughes Township After the Democratic Nomination.

Dudley Rice of Hughes township is seeking the Democratic nomination for sheriff of Nodaway county. He has always been a good Democrat.

Mr. Rice is a son of the late James

DUDLEY RICE.

M. Rice, who was a resident of this county for thirty years, living south of Maryville. Mr. Rice is a clean young man and is well fitted for the office he is after, and the Democrats would make no mistake in nominating him.

Barnard People in Town.

Mrs. William Conlin and the Misses Opal, Neva and Ruby Key of Barnard, were shopping in Maryville Friday. Misses Ruby and Neva Key remained to attend the Conservatory commencement Friday night.

ALICE ROSE

Mrs. Henry Laub and daughter, Mabel, of Clarinda, and Mrs. W. T. Catbage of this city, went to Savannah Saturday morning to attend services with Old School Baptists of that place Sunday.

Mr. and Mrs. H. M. Campbell and their small nephew, Carl Edwin Proyles, returned Friday night from a day's visit at Maitland with Mr. Campbell's uncle, Robert Conner and family.

Miss Violet Clark of Burlington Junction, came to Maryville Friday to visit her mother, Mrs. J. W. Clark of St. Francis hospital. Mrs. Clark will be operated upon Saturday.

Mrs. U. S. Wright and son, Simon, went to Parnell Saturday to spend a few days with her mother and sister, Mrs. Martin Barkman and Mrs. H. F. Barbus.

DELIGHTFUL ALICE ROSE

Miss Vesper Nicholas and her little niece, Katherine Carter of Burlington Junction, went to Hopkins Saturday to visit the family of O. M. Gray.

Mrs. Samuel Corken of Burlington Junction arrived Saturday for a few days visit with her sister, Mrs. M. J. Cole and Mrs. C. A. Aley, near Maryville.

Mrs. Bertha Addison returned to her home in St. Joseph Friday evening after a week's visit with her mother, Mrs. Eva Baker of East Jenkins street.

RICHESON IS  
HYSTERICAL

Preacher Who Killed Sweetheart Delirious in Death Cell.

DEATH WATCH UNNERVES HIM

Complete Breakdown Comes With News That Father Will Not Claim Body—Condition is Serious.

Boston, May 18.—Clarence V. T. Richeson was stricken with an attack of hysterical delirium in the death chamber of the Charlestown state prison late at night, while being visited by Prison Chaplain Stebbins and his counsel, William A. Morse. Twitching and clawing, the condemned man rolled and tossed from side to side of his bed, raving about two men who, he cried out, were "watching and following" him. The attack was marked by spells of groaning and moaning followed by unconsciousness. Then he would revive and continue his ravings.

The prison physician, who was summoned, could not be reached and Dr. Frederick L. Lyons of Charlestown was called. He administered sedatives, which tended to quiet the patient in a measure.

Strain Caused Collapse.

The ravings of the condemned man were attributed to the strain upon him of the constant vigilance of the two guards of the death watch. The guards sit close in front of the prisoner's cell and do not let their eyes leave him for a moment during the night or day. There is no relaxing of the vigilance, as the guards are changed frequently. Richeson's breakdown is believed to have been further aggravated by the news that his father had expressed the wish that his son's body be not brought back to Virginia for burial.

It is claimed that Richeson begged of his counsel, Mr. Morse, during the day that arrangements be made so that his body could be buried near that of his mother in a Virginia cemetery.

Refuses Food.

Richeson's weakened condition is also believed to be due partly to the fact that he has not eaten anything since early in the morning. He left his dinner untouched and refused food when it was offered him at night.

"It was the hardest hour of my life," declared Attorney Morse upon leaving the prison. "It is a very serious condition, and I am afraid may develop badly. Further than that I would not want to predict."

Richeson's attack was not entirely unexpected by the prison officials.

FOUND SON IN MEXICAN PRISON

Wichita Man Appeals to Madero for Life of Boy Taken in Raid on Ranch.

Wichita, Kan., May 18.—Sam Wilbur, 18 years old, who was taken from his father's ranch near Tampico, Mex., a few days ago when guerrillas raided the place and burned everything, has been found in Tampico prison. He and several other young Americans were taken to Tampico where they were imprisoned. Wilbur's father, who lived in Wichita before going to Mexico, has informed his three brothers here that something must be done at once or Sam and his companions will die or be put to death. Mr. Wilbur has appealed to President Madero.

Warship to Patrol Ice.

Washington, May 18.—George L. Meyer, secretary of the navy, ordered the scout cruiser Birmingham to cruise in the Atlantic lanes where icebergs have been sighted and to determine the southern, eastern and western limits of the ice field and send out wireless reports daily, giving the location of these icebergs for protection of liners.

Robbed on Army Transport.

San Francisco, May 18.—Mrs. W. O. Bell, wife of Capt. Bell, fourteenth cavalry, was robbed of \$500 on the transport Thomas at Nagasaki, Japan. The purse containing the money was stolen from her stateroom. Mrs. Bell is going to St. Louis to join her husband, who returned from the Philippines by way of Europe.

One Judge Fines Another.

Chicago, May 18.—John E. Owens, county judge, was fined \$500 by Judge M. F. McKinley of the superior court for contempt of court in violating the superior court injunction restraining the county judge from interfering with the Cook county Democratic convention, April 15.

Would Pay More Taxes.

Atchison, Kan., May 18.—William C. Frazier, a farmer, went before the board of review and demanded that the valuation of his property be increased. It was assessed too low, he said. The board complied with the request and Frazier's taxes were advanced.

French Envoy Quits Russia.

Paris, May 18.—Georges Louis, who has been French ambassador to Russia since June, 1909, will retire from that post later in the year, according to a semi-official announcement.

## A FIRE CHIEF IN ARSON PLOT

Head of Department at Somerville, Kentucky, Accused.

### FEE SYSTEM LED TO DOWNFALL

Other Indictments and Arrests to Follow—Two Patrolmen Implicated in Conspiracy—Headquarters in Chicago.

Lexington, Ky., May 18.—An arson conspiracy that already had resulted in 18 fires within a short time is alleged to have been discovered at Somerset, Ky., between H. G. Waddle, chief of police and fire department, and Robert Warren and John Dunn, patrolmen. All have been indicted and State Fire Marshal Bosworth and deputies are working on the case now.

Bosworth charges Waddle and his subordinates were paid a fee for each run to a fire and conspired to boost their pay by burning property. More than \$50,000 worth of property was destroyed.

### Warned Property Owners.

Bosworth says that it was a common practice of Chief Waddle to tell property owners that they had better have their property insured promptly, as something might happen. Strong denial of their guilt is made by the accused.

At Owensboro and Morganfield, Charles Bloom of Chicago, a merchant, is charged with burning the large store of the Ohio Valley Dry Goods company at Owensboro, and also a dry goods store at Morganfield. Bloom worked for Charles Kohn, another merchant, for whom an indictment has also been returned, but who escaped. The amount of stock lost in the two fires was approximately \$150,000.

### Stock Smuggled Out.

Bosworth says that the accused would open up a big store in a town and after a few weeks' business would smuggle away by freight or express the bulk of the stock, opening up another store elsewhere. The store that had been depleted, on which a heavy insurance was carried, would then be mysteriously destroyed by fire, the owners securing several thousand dollars in insurance on the stock which had practically all been shipped away to supply the new store.

Bosworth says that he found these firebug conspirators bought their goods in Chicago and the conspiracy was directed from that city, where the main member of the firm is now believed to be. Detectives are now on his trail. Other indictments and arrests will follow.

### OROZCO'S RETREAT DANGEROUS

If Beaten at Reilano Rebels Will Have Hard Time to Get Back to Chihuahua.

El Paso, May 18.—If Gen. Orozco is beaten in the approaching engagement at Reilano he will find his retreat northward to Chihuahua difficult. Telegraphers in Juarez admitted the wires south of Chihuahua were being disturbed and federal officials here say not only wire communication but the railroad will be destroyed behind Orozco to prevent him from retreating northward. That gave rise to the belief that a force of federals had come in behind the rebel army and, though too small to attack Orozco, they would set up enough hindrance to make his retreat northward dangerous.

### EVANGELIST WAS MOTOR BANDIT

Man Under Arrest in New York for Crimes Committed While Holding Series of Meetings.

New York, May 18.—Accused of being engaged in a career of robbery which eventually led to murder at the same time that he was conducting a series of open air evangelistic meetings, Francis Wesley Muehfeldt is under indictment here for murder in the first degree.

"King of the motor bandits," is the characterization of the prisoner by Deputy Commissioner Dougherty, in alleging the remarkable case of dual personality.

Muehfeldt is charged with the murder of Patrick Burns, a saloon keeper in the Borough of Bronx.

### Primary for Montana.

Helena, Mont., May 18.—It is now apparent that Montana will have a direct primary bill before the nominations are made for the fall campaign. An agreement made by two senators to vote for the measure drafted by the governor's commission gave the governor the pledges of the majority of the members of both houses to vote for the primary measure. The bill drafted by the commission is modeled after the Oregon law, except that it will require party registration at the primary election.

### Another Investigation Due.

Washington, May 18.—The department of justice probably will begin soon an investigation to find whether there is a leather trust. Several complaints have been received by the government. If inquiry indicates they have basis in fact, an extensive investigation will be undertaken.

## CONGRESSMAN FERGUSON

### Sport of Collar Spotting.

"Collar spotting," the new automobile sport, is at its best when the streets are dirty enough to hold puddles of water. When the broadly-tired wheel of the machine strikes such a puddle a thin but solid sheet of water is thrown upward and outward, the path it takes being determined by the speed of the machine, the depth of the liquid and, to a certain extent, its consistency. These three factors make the aiming of the sheet a matter of great skill. When the puddle is close to the curb it is possible for the expert spotter, by swerving into it, to throw the sheet in such a way as to hit a man's collar—even when it's a narrow one—or the white feathers on a woman's hat. Not every one is as expert as this, but the great fun of the sport lies in the fact that even when you miss your aim you're pretty sure to hit something, if it's only skirts or trousers of pedestrians.

### Last of Schaghticoke Indians.

The few survivors of the Litchfield county (Conn.) tribe of Schaghticoke Indians own 300 acres of land and five houses, valued at \$3,000, besides a little personal property. They subsist by selling potatoes and other products, cutting railroad ties and wood and working on neighboring farms. The tribe is reduced to ignorance and poverty as a result of leading shiftless lives and by intermarriage and mixtures of races. The great event at the reservation is the annual rattlesnake hunt in the spring, when the paleface joins in the sport and furnishes all the whisky antidote needed.

### Widely Separated Cities.

"Now, children, who can name two cities which are widely separated?" "Boston and San Francisco." "Correct! Any one else?" "London and Melbourne." "Yes. Now two more cities widely separated." "Simplity and Dupli-city."—Boston Transcript.

### On Acting.

Acting is not a trade which tends to stability and dignity of character, but encourages sensibility and flashes of warm instinct. Extreme alertness to praise and blame, harmoniously combined with vanity and absorption in one topic, are almost a necessity of the occupation; but this existence, however narrow and distorted, has the primal virtues of vividness and vitality. It not only depicts human passions, but it also requires in its servants a varied and constantly ready fund of emotions and instincts. Lacking the free air of independence and impartial thought, it has to the full the warm breath of crude but passionate humanity. In feeling, however blind, in life, however fragmentary, the onlooker finds more to love in the players' world than in all the dead decorum of a Philistine prosperity. —Norman Hapgood.

## NORMAL STUDENTS WERE SUSPENDED

Board of Regents at Emporia Upholds President Hill.

### SYMPATHIZERS HELD MEETING

Decided to Abide by Regents' Action—Trouble Arose From Circular Letter Demanding Hill's Dismissal.

Emporia, Kan., May 18.—The 53 young men who signed the circular recently which assailed J. H. Hill, president of the normal, have been suspended for ten days by order of the board of regents. The board has just finished its investigation and called a general assembly of the students in chapel, when the decision was announced. The order suspending the young men reads:

Resolved, That the following students be suspended for a period of ten days from this date, provided that any or all of them may be reinstated at any time within said period, or may, for cause, be refused reinstatement, at the discretion of the constituted authorities of this school.

This was followed by a list containing the names of the 53 students who are to suffer suspension for signing the circular attacking the president.

The faith of the board in the integrity of President Hill was expressed by George Tucker, chairman, when he said:

"I wish to say that President Hill has the unlimited confidence of the board of regents of the normal schools of Kansas as a man who possesses a character that is unimpeachable."

This statement called forth tremendous applause from the students. The board suggested that inasmuch as Sidney L. Miller, editor of the Normal Bulletin, is under suspension, a substitute be appointed.

It is the intention of the board not to deprive seniors of their degrees or undergraduates of their term's work, by this sentence, provided no further cause for displeasure is given the faculty.

Two hundred students, sympathizing with those suspended, held a mass meeting during the afternoon and decided to abide by the regents' decision and not adopt a rebellious attitude.

### NEW INDICTMENT FOR ARMOURS

Federal Grand Jury Now Charges Packers With Shipping Cattle Without Inspection.

Chicago, May 18.—Armour & Co., recently acquitted in connection with the government's trust suit against the beef packers was again indicted by the federal grand jury, charged with the shipment of 40 head of cattle to its branch house in South Bend, Ind., without the beehives having been branded by the government's inspection stamp.

Arthur Meeker, general manager of Armour & Co., asserted that the company had violated no law in the shipment of the meat named in the indictment as they were farm killed, therefore not subject to inspection.

### PACKERS FEAR INVESTIGATION

FRANTIC EFFORTS BEING MADE TO PREVENT EXPOSURE.

Congress Flooded With Protests Against Inquiry Regarding Conditions of Slaughter.

Washington, May 18.—Cattle breeders associations of the West and Southwest, intimately connected with the packing interests, are making frantic efforts to prevent a complete investigation of unhygienic conditions surrounding the slaughter and distribution of beef. Congress is being flooded with angry protests against further exposure.

No doubt exists, that in spite of these protests, the committee on expenditures in the department of agriculture will order a full and complete investigation.

Voicing the anxiety of the packing interests, to prevent further investigation Representative G. N. Haughen has received telegrams from the Sioux City Clearing House association and the Sioux City Live Stock exchange and others. All of them demand that he use his influence to stop the investigation under the Nelson resolution, saying that such an upheaval would be of great harm to the stock industry and packing interests of the country.

Many other members of congress frankly admit that they have received similar letters and telegrams, but that they are afraid to make them public. It is noted that not one protest has come from the feeders of high grade cattle, raised for export trade in Ohio, Illinois, Missouri and the grazing sections of Virginia, Maryland and Pennsylvania.

### General Freight Strike Likely.

Chicago, May 18.—A general strike of railroad freight handlers throughout the country will be called immediately following a conference of international officials, according to a statement made by P. J. Flannery, president of the union here.

## Home Health Club

By DR. DAVID H. REEDER, LaPorte, Ind.

PEROXIDE OF HYDROGEN—Having heretofore given the chemical character of this liquid, and the fact that it is always to be found in the Home Health Club books, makes it unnecessary to repeat it here.

Peroxide of Hydrogen is not a medicine or drug, in the ordinary sense, any more than air or water. It is merely the concentrated elements of these and it is the most perfect purifier known. As a disinfectant, it is invaluable and should be in every household all the time. It is not poisonous and may be swallowed without harm—to a reasonable extent. Anything is poisonous if you take too much of it—even bread and meat.

Infected sores, abscesses, any diseased surface may be treated with it to the best advantage. It purifies and cleanses, instantly, by oxidizing the poisonous substances energetically and rendering infected parts sterile. At the same time it does not injure healthy tissues but cleanses them thoroughly, when effectually applied. It destroys the cause of the pus and makes it entirely harmless. When applied it bubbles vigorously, showing that it is making a one-sided and victorious fight. It is a relentless enemy of foul odors.

A solution in proportions of one ounce of the peroxide to a gallon of water is a perfect deodorant and disinfectant in purifying cellars, out-houses, etc., and in this, or even greater solutions it makes a purifying wash after a bath. Where the odor of perspiration becomes troublesome, it is exceedingly efficacious by sponging the armpits, hips, feet, et cetera, with it. Used as a mouth wash it cleanses the teeth and mucous membranes and renders the mouth clean and fresh, besides purifying the breath and preserving the teeth. It makes an excellent gargle for sore throat, and used in the proportion of one teaspoonful to a pint of water it gives great relief for catarrh and hay fever as a nasal treatment. For bites of animals, insects and reptiles it should be applied at once. It destroys the powers of contagion, and armed with it, one may be brought in contact with the infectious disease with impunity—using it both before and after exposure—the latter, if brought in contact with contagion unwittingly. It is fine for sunburn, tan, pimples, parasitic growths, and often facial blemishes are removed by its use. It bleaches the hair and dark cloth, and must therefore be kept away from these. Cuts, bruises, burns and all such injuries should be treated with it at once.

Peroxide of Hydrogen is not a patent medicine but is as free from ownership in the secret of its manufacture as air and water. It is very inexpensive and may be procured in any drug store. Hence, this is not an advertisement for its sale.

There is probably no single article for healing purposes that has so many healthful uses as Peroxide of Hydrogen. Get a bottle of it and try it at the first demand and you will be thankful to the Home Health Club for sending you this advice.

### CLUB NOTES.

Dear Doctor: Have had what the doctors pronounce hives for more than a year. They break out in lumps like large welts mostly along the evening or in the night, but there is usually some on my body. They come on limbs and body and my hips swell and get thick. They are very annoying. The doctors blame it to my stomach or what I eat, but my stomach seldom bothers me. L. G.

This difficulty is very annoying and is most frequent among children, though occasionally adults also will be troubled with it. It is usually caused by digestive derangements, such as provoked by eating certain classes of food which may be especially unacceptable to some stomachs. Honey and strawberries, cucumbers and shell fish are often regarded as causes for hives.

The necessary treatment consists in keeping the bowels open and aiding the digestion by some such remedy as Golden Seal of Compound Gentian. Witch Hazel extract applied externally allays the itching.

There is a possibility of the trouble being something else, the above only refers to a case of hives.

Dear Doctor: can you tell me how to thin off and not leave the skin wrinkled and flabby. A. R.

The best and safest home treatment of overcoming fleshiness is by drinking an abundance of fresh pure buttermilk, a method which I have fully explained in these columns on more than one occasion. It is also fully described in the Club books. An average person can easily take 4 quarts a day with "zweibach" which should be well masticated. These two sub-

stances would not only sustain life but keep up strength. Such a treatment can be continued almost indefinitely until the desired results will be accomplished.

All readers of this publication are at liberty to write for information pertaining to the subject of health at any time. Address all communications to the Home Health Club, La Porte, Indiana, U. S. A., with name and address in full and at least four cents in postage.

### RAVENWOOD.

There are indications at present that we will now have some warm growing weather. Last week closed with heavy rains and high water and was cold up to Friday morning. There was some frosts on low lands Friday morning, but I think no damage will result. Farm work has been at a standstill all week; low land is still too wet to work, but if everything works well from now on there is plenty of time to make an abundance of everything that the soil will produce and elect Champ Clark president of this great country. Then who would not be happy.

Clark stock is the highest on the market here, our Republican friends here are getting disgusted with their campaign so far.

Farmers say the prospect for a good wheat crop is the best for many years, and oats looking well. Grass is unusually good. Gardens are looking well but are a little late.

Duff Bros., bought back the meat market that they sold two weeks ago to Wm. Manorgan.

### Brought to Hospital.

Mrs. John Neal of Savannah was brought to St. Francis hospital Friday for treatment. Her mother, Mrs. Charles Strong of Pickering is with her. Mrs. Neal is a sister of Dick Strong of this city.

Mr. and Mrs. A. Hardisty went to St. Joseph Friday evening to visit until Monday with their children.

### The Demons of the Swamp

Are mosquitoes. As they sting they put deadly malaria germs in the blood. Then follow the icy chills and the fires of fever. The appetite flies and the strength fails; also malaria often paves the way for deadly typhoid. But Electric Bitters kill and cast out the malaria germs from the blood; give you a fine appetite and renew your strength. "After long suffering," wrote William Fretwell of Lucama, N. C., "three bottles drove all the malaria from my system, and I've had good health ever since." Best for all stomach, liver and kidney ills. 50 cents at the Orear-Henry Drug Co.

## How Do You Choose Your Automobile?

As you would a buggy, a driving horse, a grain binder or anything you would expect to give hard usage and get good results from, not only now, but for several years?

Or would you buy something cheaper, and save some money—on first cost—and because it goes, and nicely too, when new.

### MANUFACTURING FACILITIES

A good motor car is not built in a day, or a season, although it is possible to design and build an acceptable automobile—so far as appearances go—in a very short period, but it takes time, money, and the BEST engineering talent to build a good automobile.

The body, paint, trimming and other finishing details must be of good quality and pleasing appearance, but they are minor details. It is the unseen parts—the interior mechanism in the car—that counts.

In selecting an automobile, as much attention should be paid to where and how it is manufactured as to what material is employed in its production, its appearance, etc.

The Buick have the largest, best equipped, new automobile factory in the world with over 56 acres actual floor area; employ over 8,000 workmen, and BUILD—not buy parts and assemble—the entire car, accessories and bearings excepted.

This is Buick's eighth year building cars; about 90,000 to date. THERE ARE MORE OLD BUICK CARS IN SERVICE IN THIS COUNTRY THAN ALL OTHER OLD CARS COMBINED.

After all, you are interested in this one particular car. You want to KNOW that it is trustworthy, reliable, and also be assured that should an accident happen you would have no difficulty in replacing any broken parts. A direct factory branch in Kansas City with a complete line of accurately fitting parts.

The Buick line for 1912 comprises six models in Roadsters and Touring Cars, substantially the same in design and construction, differing only in size. All equipped with the famous Buick over-head valve motor, which we guarantee has more speed and more power than any equal size motor on the market, and competitive tests have demonstrated its superiority and endurance in 94 per cent of all tests in which we have participated.

Come and look them over carefully from the top and finish to the powerful smooth running motor.

Also a used Chalmers 30 in perfect condition. A new quiet running, powerful Mitchell. These for sale at a bargain.

### Lincoln Bent Gets Contract.

Lincoln Bent, a contractor of this city, secured the contract for the erection of a new addition to the Lincoln school of Creston, Ia. He had the lowest bid, his bid being \$4,195. The contract calls for the work to be completed by August 15.

Miss Mae Davis, a state Normal student went to Creston, Iowa, Saturday to visit friends over Sunday.

### On St. Joseph Market.

The following Nodaway county farmers were at the St. Joseph market Friday. M. Whiteford of Guilford, a car of hogs; C. Bebout of Hopkins, a car of hogs.

Mrs. Margaret Williams of Pickering, came to Maryville Friday evening to visit her daughters, Mrs. Ivan McKee, and Mrs. Georgia Beedle, who will soon move to Idaho.

**The joys of a bank account**

### NEW BATTLESHIP LAUNCHED

LARGE NUMBER OF GOVERNMENT OFFICIALS PRESENT.

Texas Largest Vessel Ever Built for U. S. Navy. Takes First Dip into Atlantic.

Newport News, Va., May 18.—In the presence of one of the biggest gatherings ever assembled to watch the launching of a United States battleship, Little Miss Claude Lyon, daughter of Col. Cecil Lyon, Republican national committeeman from Texas, christened the Texas as she slid down the ways in the Newport News Ship-building company's drydock today for her initial dip in the Atlantic. The Texas, besides being Uncle Sam's largest sea fighter, will augment the sea fighting force of the United States with first class battleship No. 35 when she is completed.

Miss Lyon, holding the bottle of champagne in readiness for the christening, was almost completely hidden from sight among the notables who occupied the launching stand. Around her were Governor Colquitt of Texas, Governor Mann of Virginia, Admiral Dewey, and a large delegation of navy and government officials. Fully 12,000 people crowded into the shipyard to witness the launching.

The ceremonies were brief. While the visitors were escorted to the launching stand, a large gang of workmen busied themselves about the great mass of steel stationary on the ways, and bands from other battleships enlivened the wait with brisk airs. Soon a red flag was run up on the forepeak as a signal that the giant ship was ready for the launching. Miss Lyon took her stand at the head of the launching stage, a bottle of champagne in her hand, while the workmen knocked out the remaining supports. At last a shrill whistle proclaimed everything in readiness, and a cheer went up as the great ship quivered and slipped slowly down the ways, gaining momentum as she traveled. The river craft greeted her with a screaming salute, which completely drowned Miss Lyon's shrill cry "Go brave ship, I christen thee Texas," as she broke the bottle of champagne on the ship's steel prow.

The Texas, as she floats today, is about half completed. Her contract calls for completion on or before December 17, 1913. She will be 565 feet long, 95 feet 2 1/2 inches broad on the load water line, with a draft of 28 feet 6 inches and a normal displacement of 27,000 tons. Her length over all will be 573 feet and her estimated trial speed will be 21 knots. Her guns will include ten 14-inch guns, sixteen 5-inch 51-caliber rapid-fire guns and four 3-pounder saluting guns. In addition she will have four 21-inch submarine tubes. Being a flagship she will carry 63 officers and 1,069 men.

### CHARTERED A NEW INTERURBAN

To Build Line From Parsons to Coffeyville and Furnish Power for Commercial Purposes.

Topeka, May 18.—A new interurban railway was given a charter by the Kansas charter board. It is the Kansas Central Traction company and has a capital of \$1,000,000. The company will have its headquarters at Parsons and will build a line from Parsons to Coffeyville and a branch line from near Parsons to Columbus. The road will be about 70 miles long and authority is given to construct additional branches to serve other communities and to establish electric power plants and furnish power at commercial rates.

### Would Increase Acreage.

### HORACE GREELEY IS OUTDONE

Joaquin Miller is Believed to Be the World's Champion at Illegible Writing.

Old-time printers are never tired of telling weird stories of the unreadable handwriting of Horace Greeley. In modern times it has been said that the "copy" of Mr. William Winter was a task to worry even the smartest compositors, but it is said that the champion illegible writer is Joaquin Miller, the "Poet of the Sierras." It is related that some time ago the secretary of a well known club in San Francisco wrote to Joaquin Miller, asking him to take part in some celebration. In response to the secretary's letter came a four page letter from the poet, but none in the club could decipher it.

There was nothing for it but to write again to Mr. Miller stating that it could not be determined whether his letter was an acceptance or a refusal, and the secretary added, to make sure: "If you will be present on the date mentioned, will you kindly make a cross on the bottom of this letter, and return it? If it will be impossible for you to appear, kindly draw a circle."

By return mail the secretary's letter was returned to him, and at the bottom was the sign as he had been requested.

But it was absolutely impossible for anyone to tell whether the sign was meant to be a cross or a circle.

### GOT FEAST, BUT NO BULLETS

Hungry Soldier in Besieged Town of Kimberley Called the Bluff Made by Colonel Kekewich.

In some reminiscences of the late Boer war Colonel Kekewich, who so gallantly defended Kimberley for 126 days, tells the following story:

One day he was approached by a private, who asked:

"Colonel, when do you expect we are going to get something to eat?" "Eat!" exclaimed the colonel. "Did you join the army merely to get something to eat?"

"Well, that's about the size of it," replied the soldier.

"Here," said the colonel, calling an officer, "give this man something to eat, and then have him shot."

The officer understood the joke and replied:

"All right, colonel."

The private, however, exhibited no alarm, and, turning to the officer, said:

"Boil me a ham, cap'n, stew up a couple of chickens, bake two or three pounds of potatoes, fetch a gallon of beer and load yer guns! With such inducements the man who wouldn't be willing to die is a blithering idiot."

A hearty meal was prepared for the soldier and the threatened execution never came off.—Tit-Bits.

### Moses, Electrician.

That electricity must have been known to the ancients has been many times asserted, but now comes forward an electrician in Munich—Mr. Stadelmann—who has been in times past an archaeologist, to assert that he found in Egypt, in buried walls, indications denoting the use of electric lamps, says a writer in Harper's Weekly. He claims that Moses brought electricity from Egypt, and that there are Biblical paragraphs which will bear him out in his statement that lightning rods were in use in the temple at Jerusalem. Stadelmann believes that the serpent of bronze of Moses was nothing more or less than an ordinary lightning rod such as is in use today.

He points out, further, that the Ark of the Covenant, made as it was of wood and adorned inside and out with gold, constituted a veritable Leyden jar which communicated with a lightning rod on the roof, and that it was so arranged that under determined conditions it could be charged with electric fluid and produce the death of any ignorant person daring to enter the sacred precincts of the ark without necessary precautions.

### Woman's Factory.

A silk spinning factory near Marseilles, which was organized by a woman and is managed by women, boasts that within the nine years of its existence it has never had a strike. One thousand women are employed by Mme. Garnier, the owner. The only men in the factory are those employed to fill positions unsuitable for women, such as stokers, etc.

Mme. Garnier planned the factory herself in every detail. The machinery for silk spinning is an invention of her own, and has proved so successful that she is enabled to give her employees more than the average wages and still compete successfully with rival industries. Perhaps some of our own manufacturers would do well to go and take a few lessons from Mme. Garnier.

### By Camel Across the Sahara.

N. le More, a Frenchman, 24 years old, has just completed a journey by camel across the Sahara from Algiers to Timbuctoo, in the French Soudan. His object was to mark out the route for a proposed aeroplane flight across the desert. He was away from civilization for 13 months, and covered more than 5,000 miles. At Ain Salah, which was reached after 13 days, the traveler met another Frenchman and his wife, living in the lonely district. After that the caravan went for 29 days without meeting another human being.

## FELT BAD ALL THE TIME

Shellhorn Lady Suffered a Great Deal, But is All Right Now.

Shellhorn, Ala.—In a letter from this place, Mrs. Carrie May says: "A short time ago, I commenced to have weak spells and headaches. I felt bad all the time, and soon grew so bad I couldn't stay up. I thought I would die."

At last my husband got me a bottle of Cardui, and it helped me; so he got some more. After I had taken the second bottle, I was entirely well.

I wish every lady, suffering from womanly trouble, would try Cardui. It is the best medicine I know of. It did me more good than anything I ever used."

Cardui is a woman's tonic—a strengthening medicine for women, made from ingredients that act specifically on the womanly organs, and thus help to build up the womanly constitution to glowing good health.

As a remedy for woman's ills, it has a successful record of over 50 years.

NINE YEAR RECORD OF THE CONSERVATORY OF MUSIC.

## A HOMECOMING NEXT YEAR

Graduation Program Friday Night Pleased Critical Audience—An Excellent Record Made.

The ninth annual commencement of the Maryville Conservatory of Music took place Friday evening at the First M. E. Church before a large audience.

Every number on the program was good and it would be impossible to go through the program and tell of each number given and speak of the excellent execution. It is enough to say that each one was a credit to the faculty and the school.

The class was assisted in giving its program by Mr. Bock of St. Joseph, a violinist, who has been a student of Mr. Worst S. Morse, the famous violinist and instructor of that city. Mr. Bock's numbers were the most popular on the program. He responded to several encores. He pleased the audience immensely and many who had heard Mr. Morse thought he had a pupil in Mr. Bock, whose playing is much the same as his preceptor, who will have to look well to his laurels in Maryville in future.

The diplomas were happily presented by Rev. Lee Harrel, who gave the class some good advice about playing when asked to do so, and were admonished to hold to their talent and cultivate it by using it freely, for, he said, "It is the greatest harmonizer in the world." He gave several beautiful quotations on the power and influence of music and made all who heard, long for the talent or time that would permit its study.

The following was the program: Quartet (two pianos) Tancred Overture.....Rossini Misses Reuillard, Fraser, Dysart and Tarpley.

Solo, Polonaise, Op 26 No. 1.....Chopin Miss Clayton

Solo, Humoreske.....Dvorak Miss Tarpley

Solo, Hungarian, Op 39 No. 12.....MacDowell Miss Fraser

Violin Solo, Polonaise.....Vieuxtemps Mr. G. Adolph Bock

Solo, Polonaise Op. 49 No. 1.....Chopin Miss Dysart

Solo, Polish dance.....Scharwenka Miss Abbott

Solo, Whims.....Schumann Miss Turner

Violin Solo, a Canzonetta d'Ambrosio b, The Bee.....Schubert Mr. G. Adolph Bock

Solo, Valse Op. 34 No. 1.....Chopin Miss Vance

Solo, Polka de Concert.....Bartlett Miss Reuillard

Quartet (two pianos) Egmont Overture.....Beethoven Misses Vance, Clayton, Turner and Abbott.

With the graduation of last night's class, Director Landon has given 101 diplomas to graduates and post-graduates from his school. All those who have graduated from Mr. Landon's conservatory have continued to keep up their music studies and many have opened studios and are at work in ten different states. He keeps in touch with them and feels a degree of pride in them and their work that is altogether pardonable.

Next year will be the tenth anniversary of the Conservatory, and Director Landon is already beginning plans for a big jubilee at commencement season. He intends to make it a "home-coming" for the

alumni and there will be feasts of music, both vocal and instrumental, such as Maryville has not yet known.

The conservatory has had a very successful year and the outlook for the coming year is greater than it has ever been. Maryville has nothing to which she may point with truer pride than her conservatory. The influence the school has exerted over Maryville's educational interests cannot be estimated and that it has been the means of many good things coming to us could not be denied.

We are proud that its director is recognized among the leading musicians of the state and heads the Missouri Music Teachers' Association. He has honored us by his work and we believe Maryville fully appreciates and values him and his school, although she may seem slow to say so sometimes. The musical taste of the entire community has changed since he began to labor with us, and it is provable in the fact that to insure a good audience for music, we have to know it is the best going or it will not have an audience. Maryville will take pleasure in assisting Professor Landon prepare for the Jubilee and Home Coming for the tenth anniversary of the Conservatory.

## SHUCKING CORN.

Jack Bowman of Near Quitman is Getting Out 800 Bushels.

It sounds funny, but Jack Bowman, who lives a mile and three-quarters northeast of Quitman, is this week getting out 800 bushels of corn he had to leave in the fields last fall. Some of his neighbors are geying him and saying that this cold weather we are having has fooled him and he thinks it's fall. But no one knows better than Mr. Bowman does, that he ought to be planting now instead of shucking. It will take him two or three weeks yet, with what help he can get, to get his fields cleared of last year's stand.

## Says He Is Misrepresented.

Henry Foster, a contractor of this city, said Saturday morning that the article in Tuesday's paper from a striker as to what Foster's letter to J. R. Edwards, superintendent, in charge of the postoffice building, as to the scale of wages here, was misrepresented. Mr. Foster says that he has been paying from \$1.75 to \$2.00 a day and more when they do the work to justify the money. The striker in his article said that Foster said in his letter that he was paying \$1.70 a day.

## Her Niece a Graduate.

Miss Mattie Tarpley and Mrs. W. M. Sharp of Skidmore came to Maryville Friday to attend the Conservatory commencement, Miss Tarpley's niece, Miss Maud Tarpley, being one of the graduates. They are guests at the home of Miss Tarpley's brother, J. H. Tarpley.

## MADE LIST OF BOOKS

READING CIRCLE BOARD MADE SELECTIONS FOR LIBRARIES

## SUITABLE FOR THE GRADDES

Superintendent Oakerson One of Committee to Select Books for School Libraries of the State.

While County Superintendent Wm. Oakerson was at Jefferson City this week he attended a meeting of the reading circle board and a list of books were selected by the committee which they thought were the most suitable to courses of study for school libraries. All school libraries are urged to get these books.

On the committee with Prof. Oakerson is State Superintendent Evans, Supt. Eul Lankin of Henry county, Supt. L. E. Brous of Barton county, Supt. John P. Gass of the Sedalia schools.

The following is the list of pupils' reading circle books for the year 1912-1913:

For class D, grades I and II, The Early Cave Men, by Dopp; Polly and Dolly, by Blaisdell; In Fableland, by Serl; Children of the Cliff, by Wiley and Edick; From the Land of Stories, by Claxton.

For class C, grades III and IV—Evenings with Grandma; The Christmas Angel, by Pyle; Sleepy Times Stories, by Booth; John of the Woods, by Brown; In Field and Pasture, by Dutton.

For class B, grades V and VI—Two Little Confederates, by Page; Heroes and Greathearts; The Story of Cotton, by Brooks; Ethics of Success II, by Thayer; Norse Stories, by Mable.

For class A, grades VII and VIII—Little Men, by Alcott; Anne of Avonlea, by Montgomery; Heidi, by Spyrli; Sweetbrier and Thistle-down, by Baskett; On the Trail of Grant and Lee, by Hill.

## Brought Guest Home.

Mrs. Harold VanSteenbergh returned Saturday morning from Hopkins, where she had been attending the closing exercises of the high school. She was accompanied by M. J. Rebecca Groves, the mother of Mrs. E. C. Wolfers, Jr., who will be the guest of the VanSteenbergh families for a week or so, while Mr. and Mrs. Wolfers and son, Maurice Wolfers, are off on an auto trip to Columbia. The Wolfers were accompanied as far as Columbia by Miss Rowena Campbell, a high school teacher, who is on her way to her home in Kansas City.

## Spoke of Abraham Lincoln.

The students and faculty of the Normal had the privilege of listening to some interesting points in the life of Abraham Lincoln this morning at assembly, from the lips of one who knew the ex-president personally for twelve years. The speaker was M. B. Yeaman of this city and the phase of the life of "Honest Abe" that Mr. Yeaman disclosed to his listeners was of deeper interest and contained that personal touch that one does not get from the biographer.

## Will Visit Their Parents.

Mrs. H. H. McMaster and her sister, Miss Luna Corbin, of Hopkins, were in Maryville Saturday on their way to Kirksville to visit their parents, who will leave in a month for a summer's visit in Montana. Mrs. McMaster will return home when her parents leave for their trip. Miss Corbin has just closed her year's work with the Hopkins high school. She expects to go to Colorado Springs in July to visit her sister.

## Will Teach Music.

Miss Eunice Mae Garten of King City, who gave her post graduate recital at the Maryville Conservatory Monday night, returned to her home Saturday. She was accompanied by Miss Loretta Cummins of King City, who came to attend her recital. Miss Garten expects to engage in teaching music the coming summer.

## Attended Commencement.

Miss Pearl Vance of McFall who has been spending several days in the city with her sisters, Misses Valeda and Evalae Vance, returned home Saturday. Miss Valeda Vance graduated from the Maryville Conservatory Friday night, and Miss Evalae is a high school student.

Mrs. J. Arthur Wray and daughter, Miss Nellie Wray, visited with relatives in Pickering Friday.

## TO ATTEND STATE MEETING.

Dr. Fisher to State Medical Meeting at Sedalia—Will Also Visit His Parents.

Dr. A. T. Fisher will leave Sunday morning for Sedalia, Mo., where he will attend the State Medical meeting which will convene in that city on Tuesday. Dr. Fisher is a delegate to the meeting from the Nodaway county society. He will also visit his parents, Mr. and Mrs. R. C. Fisher at Lamonte for several days. Dr. C. T. Bell and Dr. Wm. Wallis, Jr., also expect to attend the State Medical meeting.

## ANDERSON FARM SOLD.

Price Received Was \$19,200 For 160 Acres—Purchased by Wm. Doffing.

The John Anderson farm, known as the Leet farm, was sold Friday afternoon to Wm. Doffing for \$19,200. The farm contains 160 acres. Mr. Doffing, the new owner, is a resident of this city, having moved here recently from Corpus Christi, Texas. The farm is highly improved and is considered a bargain at the price paid. The sale was made through Allen Bros.

## News of Society and Womens' Clubs

### Will Assist at Party.

Miss Martha Koch, daughter of Mr. and Mrs. C. D. Koch, who is attending Sacred Heart convent at St. Joseph, arrived Friday night to visit her parents over Sunday. Miss Koch will assist in entertaining Saturday afternoon at the party given by her mother and Mrs. Leslie Dean.

### A Day in the Country.

The senior class of the high school are spending Saturday at the farm of Mr. and Mrs. John Halasey, northwest of Maryville, guests of Miss Mary Halasey, and Mr. and Mrs. Anderson. Craig are entertaining Mrs. Craig's Sunday school class of girls at their farm north of the city, at an all-day picnic.

### Entertained Bible Classes.

Miss Katherine Helwig informally entertained the members of her Sunday school class at the First Baptist Church Sunday school at her home Friday evening, also some of the girls of the Y. W. Bible class of the State Normal. Those present were: Misses Ruth Ramey, Carrie Snell, Lillian Seat, Laura Ozenberger, Byrde Ozenberger, Mayme Morris, Mabel Harmon, Amy Casebeer, Mabel Harmon, Lena Barton, Pearl Doughty, Lena Wells, Mary Fordyce, Minnie Kennedy, Emma Dungey, Julietta Lance, Miss Burnham.

### Eighty Guests at Dominoes.

Mrs. Leslie Dean and Mrs. Charles D. Koch entertained eighty guests with a domino party Friday afternoon at Mrs. Koch's home, 334 East Fourth street. Green and white was the color scheme in the decorations and serving. Snowballs were used exclusively for decoration and proved very effective in enhancing the beauty of the lovely rooms, the dining room, where punch was served, being exceedingly attractive. Mrs. LeGrande Gann presided at the punch bowl. She was assisted by Miss Dale Hoffman, daughter of Mrs. Dean, one of the hostesses, and Miss Majorie Willey, Miss Glen Hotchkiss, Miss Carrie Margaret Baker and Miss Mildred Robinson. Miss Margarite Cummins received the guests at the door. The game prize was won by Mrs. Fred Kurtz and Mrs. John Cameron, who cut for it, Mrs. Kurtz winning. There were two out-of-town guests, Mrs. Frank Welch and Mrs. Joseph Miller of Shenandoah, Ia. The guest prize went to Mrs. Welch.

### SUSPECTED OF ROBBERY.

Man Being Held at St. Joseph, Who Was in Arkoe the Day Before Robbery.

Deputy Sheriff John Tilson received word from St. Joseph Saturday morning that the police of that city was holding two men, one of whom claimed he was in Arkoe the day before the robbery took place in that town. Mr. Tilson went to St. Joseph Saturday afternoon and will bring them back if he thinks they are the guilty parties.

Mr. and Mrs. John Bookman went to St. Joseph Saturday morning to spend the day.

Mrs. S. J. Yeager went to Creston Saturday to visit her daughter, Mrs. M. S. King.

## TWO DAMAGE SUITS

GREAT WESTERN MADE DEFENDANT IN LITIGATIONS FILED.

## MADE WIFE SHUCK CORN

Lizzie McCullough Also Had to Chop the Wood Says Her Petition for Divorce Filed Saturday.

As Saturday was the last day of service on all cases except notes and accounts for the June term of circuit court, many cases are being filed.

A divorce suit was filed by Attorney Ellis G. Cook for Lizzie McCullough from Charles W. McCullough. The petition states that they were married on August 20, 1911 and lived together until August 4, 1912, and also alleges that the defendant struck her, and made her shuck corn and chop all the wood and would not provide for her support. The parties come from Elmo.

Ed Allen is suing the Chicago Great Western for \$75 as fire communicated from locomotives burned and consumed a great quantity of his timber and trees on his farm near the railroad tracks. Cook, Cummins & Dawson are his attorneys.

Another suit against the Great Western is that of T. E. Archer. He states in his petition that on February 26, 1911, the railroad company negligently and carelessly delayed a shipment of stock and that it was damaged in the sum of \$75. He asks for that amount. In the second count of the petition, he asks for \$75 from the railroad company for furnishing lumber and doing the work of fixing up the doors of five of the railroad company's grain freight cars. Cook, Cummins & Dawson are the attorneys for the plaintiff.

## TO PLAY FACULTY TEAM.

First Team to Have a Game With That Team on Tuesday.

Look who's here. Capt. V. I. Moore of the Normal faculty baseball team issued a challenge to the first team of the school for a game Tuesday afternoon and has been accepted. After the manner in which the faculty basketball team five showed up, the first team last winter, the students have had a word of respect for their instructors' athletic abilities. A field day exercise for the members of the first team will follow the ball game. Although Capt. Moore hasn't completed his line-up as yet, it is probable that Prof. Lesh will do the twirling act. The Professor is a south-paw and the way he had the boys beating the air one evening when he was pitching to them in batting practice, led them to believe that he must have been the mainstay of his college pitching staff. Dean Colbert, who "cavorted about" in right field in a former faculty-student conflict with a gunnysack to capture flies and an umbrella to keep off "old Sol," reported to the captain with a new ball-proof parasol. But of course, the students won't dare to beat their pedagogues very badly because here it is examination time.

## Attended Commencement.

Mr. Lona Perrin and Miss Mae Gowney returned Saturday morning from Burlington Junction where they were guests of Mr. and Mrs. O. P. Wilson for the high school commencement Friday night. Harry Wilson, the son of Mr. and Mrs. Wilson, was one of the graduates. The following program was given: Invocation.....Rev. L. C. Spappenke Male quartet....."When Day Fades" Messrs. Corken, Rhodes, Harber and Godbey. Class oration.....Edna McClelland Ladies' chorus....."Greeting to Spring" Twelve voices. Annual address....."The Making of a Man" Dr. J. E. Dillard, of St. Louis Presentation of diplomas. Class song. Benediction.....Rev. Jno. W. Low.

Mr. and Mrs. John Leonard of Corn- ing, Iowa, are guests of Mr. and Mrs. Henry Martin of South Vine street.

### THE AGES OF THE PRESIDENTIAL CANDIDATES.

In an article in the June American Magazine entitled "Our Next President and Some Others," the author, Ray Stannard Baker, presents the following facts:

"It is interesting to know that every one of the seven candidates, even including Roosevelt, has been admitted to the bar, and five of them have had successful careers. No one of them is a business man, and no one, save Mr. Harmon, has had any considerable experience with business affairs, either large or small. No one of them is a rich man and though several of them, by virtue of their high talents, have been able at times to earn large incomes, they have all been hard workers. Two or three of them have been relatively poor men all their lives, living frugally and devoting themselves unreservedly to public work.

"All of the candidates, save Wilson, have had long experience in public office and in dealing with public men and public questions. While most of them can be called able politicians, no one of them belongs to that extreme type known as a machine politician; a boss. There is to the credit of every one of them not a little sound public service.

"All of the seven, save possibly Harmon, are at the very prime of life for national leadership. These are their ages:

Underwood, 50 years.  
Roosevelt, 54 years.  
Taft, 55 years.  
Wilson, 56 years.  
La Follette, 57 years.  
Clark, 62 years.  
Harmon, 66 years.

"It is also curious rather than of important interest, that most of the seven were born in States which have long been fertile in the production of presidents and presidential candidates. Wilson was born in Virginia, Clark and Underwood in Kentucky, Taft and Harmon in Ohio, and Roosevelt in New York. Only one candidate, La Follette, comes from what may be called a new presidential state."

### POLITICAL ANNOUNCEMENT.

#### For Sheriff.

We are authorized to announce Martin H. Borrusch of Polk township is a candidate for the nomination of sheriff of Nodaway county, subject to the decision of the Republican voters at the August primary.

### HIGH SCHOOL NOTES.

The visitors for the week were Misses Blanche Welsh and Anna Bannum and Mr. Gene Cummins.

The Advanced Seniors are spending the day at the country home of Miss Mary Halasey. If we may judge by the trip which the class took to the home of Mr. Ova Goff at Barnard a few weeks ago we may rest assured that they will spend a most enjoyable day.

The caps and gowns which the graduating class will wear during the next few days, arrived Friday.

There remains but one more week of school during which the examinations for their semester will be given.

The graduating class is preparing a program which will be given Friday afternoon. Among the numbers will be a one act comedy entitled "Obstinacy," the cast including Misses Dale Hoffman, Hildred Hanna, Cathern Cox, and Messrs. Goodson Lytle, Horace Gibson Orlo Quinn. The Class history will be given by Miss Grace DeMotte.

### CANDIDATE FOR SHERIFF.

Dudley Rice of Hughes Township After the Democratic Nomination. Dudley Rice of Hughes township is seeking the Democratic nomination for sheriff of Nodaway county. He has always been a good Democrat.

Mr. Rice is a son of the late James

DUDLEY RICE.

M. Rice, who was a resident of this county for thirty years, living south of Maryville. Mr. Rice is a clean young man and is well fitted for the office he is after, and the Democrats would make no mistake in nominating him.

## RICHESON IS HYSTERICAL

Preacher Who Killed Sweetheart Delirious in Death Cell.

### DEATH WATCH UNNERVES HIM

Complete Breakdown Comes With News That Father Will Not Claim Body—Condition is Serious.

Boston, May 18.—Clarence V. T. Richeson was stricken with an attack of hysterical delirium in the death chamber of the Charlestown state prison late at night, while being visited by Prison Chaplain Stebbins and his counsel, William A. Morse. Twitching and clawing, the condemned man rolled and tossed from side to side of his bed, raving about two men who, he cried out, were "watching and following" him. The attack was marked by spells of groaning and moaning followed by unconsciousness. Then he would revive and continue his ravings.

The prison physician, who was summoned, could not be reached and Dr. Frederick L. Lyons of Charlestown was called. He administered sedatives, which tended to quiet the patient in a measure.

#### Strain Caused Collapse.

The ravings of the condemned man were attributed to the strain upon him of the constant vigilance of the two guards of the death watch. The guards sit close in front of the prisoner's cell and do not let their eyes leave him for a moment during the night or day. There is no relaxing of the vigilance, as the guards are changed frequently. Richeson's breakdown is believed to have been further aggravated by the news that his father had expressed the wish that his son's body be not brought back to Virginia for burial.

It is claimed that Richeson begged of his counsel, Mr. Morse, during the day that arrangements be made so that his body could be buried near that of his mother in a Virginia cemetery.

#### Refuses Food.

Richeson's weakened condition is also believed to be due partly to the fact that he has not eaten anything since early in the morning. He left his dinner untouched and refused food when it was offered him at night.

"It was the hardest hour of my life," declared Attorney Morse upon leaving the prison. "It is a very serious condition, and I am afraid may develop badly. Further than that I would not want to predict."

Richeson's attack was not entirely unexpected by the prison officials.

### FOUND SON IN MEXICAN PRISON

Wichita Man Appeals to Madero for Life of Boy Taken in Raid on Ranch.

Wichita, Kan., May 18.—Sam Wilbur, 18 years old, who was taken from his father's ranch near Tampico, Mex., a few days ago when guerrillas raided the place and burned everything, has been found in Tampico prison. He and several other young Americans were taken to Tampico where they were imprisoned. Wilbur's father, who lived in Wichita before going to Mexico, has informed his three brothers here that something must be done at once or Sam and his companions will die or be put to death. Mr. Wilbur has appealed to President Madero.

#### Warship to Patrol Ice.

Washington, May 18.—George L. Meyer, secretary of the navy, ordered the scout cruiser Birmingham to cruise in the Atlantic lanes where icebergs have been sighted and to determine the southern, eastern and western limits of the ice field and send out wireless reports daily, giving the location of these icebergs for protection of liners.

#### Robbed on Army Transport.

San Francisco, May 18.—Mrs. W. O. Bell, wife of Capt. Bell, fourteenth cavalry, was robbed of \$500 on the transport Thomas at Nagasaki, Japan. The purse containing the money was stolen from her stateroom. Mrs. Bell is going to St. Louis to join her husband, who returned from the Philippines by way of Europe.

#### One Judge Fines Another.

Chicago, May 18.—John E. Owens, county judge, was fined \$500 by Judge M. F. McKinley of the superior court for contempt of court in violating the superior court injunction restraining the county judge from interfering with the Cook county Democratic convention, April 15.

#### Would Pay More Taxes.

Atchison, Kan., May 18.—William C. Frazier, a farmer, went before the board of review and demanded that the valuation of his property be increased. It was assessed too low, he said. The board complied with the request and Frazier's taxes were advanced.

#### French Envoy Quits Russia.

Paris, May 18.—Georges Louis, who has been French ambassador to Russia since June, 1909, will retire from that post later in the year, according to a semi-official announcement.

### JUDGMENT BY THE KIMONO

Women Size Each Other Up by a Method Which They Consider is Infallible.

Even as men judge one another by a Masonic emblem, an Elk pin or the band of a cigar, so do women in sleeping cars weigh each other according to the rules of the Ancient Order of the Kimono.

Seven seconds after Emma McChesney first beheld the negligee that stood revealed in the dim light she had its wearer neatly weighed, marked, listed, docketed and placed.

It was a kind of kimono that is associated with straw-colored hair, and French heeled shoes and overfed dogs at the end of a leash.

The Japanese are wrongly accused of having perpetrated it. In pattern it showed bright green flowers—that never were sprawling on a purple background. A diamond bar fastened it not too near the throat.

It was one of Emma McChesney's boasts that she was the only living woman who could get off a sleeper at Bay City, Mich., at 5 a. m. without looking like an immigrant just dumped at Ellis Island.

Traveling had become a science with her, as witness her serviceable dark-blue silk kimono, and her hair in a schoolgirl braid down her back.—American Magazine.

#### Stomach Rebelled Against Tacks.

"I remember swallowing a few brads," casually admitted a Philadelphia shoemaker the other day, whose internal pains had puzzled the doctors for a year. The "few brads" turned out to be about a hundred brass tacks, which the X-rays showed to be sticking in the walls of the man's stomach. For the last ten years he had been using his mouth as a temporary tack-box while at work at his bench, and he was quite philosophical when occasionally one or two eluded his palate and slipped down his throat. The surgeons who examined him say that one section of the man's stomach has more tacks in it than the sole of a boot, and an operation is to be performed in the Philadelphia hospital, in which he lies, with the hope of saving his life.

## A FIRE CHIEF IN ARSON PLOT

Head of Department at Somerville, Kentucky, Accused.

### FEE SYSTEM LED TO DOWNFALL

Other Indictments and Arrests to Follow—Two Patrolmen Implicated in Conspiracy—Headquarters in Chicago.

Lexington, Ky., May 18.—An arson conspiracy that already had resulted in 18 fires within a short time is alleged to have been discovered at Somerset, Ky., between H. G. Waddle, chief of police and fire department, and Robert Warren and John Dunn, patrolmen. All have been indicted and State Fire Marshal Bosworth and deputies are working on the case now. Bosworth charges Waddle and his subordinates were paid a fee for each run to a fire and conspired to boost their pay by burning property. More than \$50,000 worth of property was destroyed.

### Warned Property Owners.

Bosworth says that it was a common practice of Chief Waddle to tell property owners that they had better have their property insured promptly, as something might happen. Strong denial of their guilt is made by the accused.

At Owensboro and Morganfield, Charles Bloom of Chicago, a merchant, is charged with burning the large store of the Ohio Valley Dry Goods company at Owensboro, and also a dry goods store at Morganfield. Bloom worked for Charles Kohn, another merchant, for whom an indictment has also been returned, but who escaped. The amount of stock lost in the two fires was approximately \$150,000.

### Stock Smuggled Out.

Bosworth says that the accused would open up a big store in a town and after a few week's business would smuggle away by freight or express the bulk of the stock, opening up another store elsewhere. The store that had been depleted, on which a heavy insurance was carried, would then be mysteriously destroyed by fire, the owners securing several thousand dollars in insurance on the stock which had practically all been shipped away to supply the new store.

Bosworth says that he found these firebug conspirators bought their goods in Chicago and the conspiracy was directed from that city, where the main member of the firm is now believed to be. Detectives are now on his trail. Other indictments and arrests will follow.

### OROZCO'S RETREAT DANGEROUS

If Beaten at Reilano Rebels Will Have Hard Time to Get Back to Chihuahua.

El Paso, May 18.—If Gen. Orozco is beaten in the approaching engagement at Reilano he will find his retreat northward to Chihuahua difficult. Telegraphers in Juarez admitted the wires south of Chihuahua were being disturbed and federal officials here say not only wire communication but the railroad will be destroyed behind Orozco to prevent him from retreating northward. That gave rise to the belief that a force of federals had come in behind the rebel army and, though too small to attack Orozco, they would set up enough hindrance to make his retreat northward dangerous.

### EVANGELIST WAS MOTOR BANDIT

Man Under Arrest in New York for Crimes Committed While Holding Series of Meetings.

New York, May 18.—Accused of being engaged in a career of robbery which eventually led to murder at the same time that he was conducting a series of open air evangelistic meetings, Francis Wesley Muehlfeldt is under indictment here for murder in the first degree.

"King of the motor bandits," is the characterization of the prisoner by Deputy Commissioner Dougherty, in alleging the remarkable case of dual personality.

Muehlfeldt is charged with the murder of Patrick Burns, a saloon keeper in the Borough of Bronx.

Primary for Montana.

Helena, Mont., May 18.—It is now apparent that Montana will have a direct primary bill before the nominations are made for the fall campaign. An agreement made by two senators to vote for the measure drafted by the governor's commission gave the governor the pledges of the majority of the members of both houses to vote for the primary measure. The bill drafted by the commission is modeled after the Oregon law, except that it will require party registration at the primary election.

### Another Investigation Due.

Washington, May 18.—The department of justice probably will begin soon an investigation to find whether there is a leather trust. Several complaints have been received by the government. If inquiry indicates they have basis in fact, an extensive investigation will be undertaken.

## CONGRESSMAN FERGUSON

Once 'pon a time Mister Win' wuz sleepin', still an' peaceable, dreamin' 'bout de time w'en he useter blow de blossoms an' talk ter de l'il chilluns as dey played under de trees; but Ole Man Winter, he come 'long an' waked him up, an' tol' him dat he wuz in need er comp'ny, kase he had a long ways ter go, an' Mister Win' riz up an' went wid him, an' Ole Man Winter say ter him:

"You see dat steeple yander?"

Mister Win' make answer dat he sho' do, an' den Ole Man Winter say: "All right. Des whil' in an' blow it down fer me, kaze I got a grudge ag'in it. Blow it down!" An' down come de steeple.

Den he make Mister Win' take de roof off de po' man's house, whar de l'il chilluns wuz sleepin', an' blow de fire out whar kep' 'em warm; an' w'en dat come ter pass Mister Win' he git mighty sorry, an' tol' Mister Winter no mo' er dat fer him; an' he gone off ag'leivin' ter hissef 'fom dat day ter dis you kin hear him cryin', an' cryin', des lak he had de breakin' er de heart. —Atlanta Constitution.

### Sport of Collar Spotting.

"Collar spotting," the new automobile sport, is at its best when the streets are dirty enough to hold puddles of water. When the broad-tired wheel of the machine strikes such a puddle a thin but solid sheet of water is thrown upward and outward, the path it takes being determined by the speed of the machine, the depth of the liquid and, to a certain extent, its consistency. These three factors make the aiming of the sheet a matter of great skill. When the puddle is close to the curb it is possible for the expert spotter, by swerving into it, to throw the sheet in such a way as to hit a man's collar—even when it's a narrow one—or the white feathers on a woman's hat. Not every one is as expert as this, but the great fun of the sport lies in the fact that even when you miss your aim you're pretty sure to hit something, if it's only skirts or trousers of pedestrians.

### Last of Schaghticoke Indians.

The few survivors of the Litchfield county (Conn.) tribe of Schaghticoke Indians own 300 acres of land and five houses, valued at \$3,000, besides a little personal property. They subsist by selling potatoes and other products, cutting railroad ties and wood and working on neighboring farms. The tribe is reduced to ignorance and poverty as a result of leading shiftless lives and by intermarriage and mixtures of races. The great event at the reservation is the annual rattlesnake hunt in the spring, when the paleface joins in the sport and furnishes all the whisky antidote needed.

### Widely Separated Cities.

"Now, children, who can name two cities which are widely separated?"

"Boston and San Francisco."

"Correct! Any one else?"

"London and Melbourne."

"Yes. Now two more cities widely separated."

"Simpli-city and Dupli-city."—Boston Transcript.

### On Acting.

Acting is not a trade which tends to stability and dignity of character, but encourages sensibility and flashes of warm instinct. Extreme alertness to praise and blame, harmoniously combined with vanity and absorption in one topic, are almost a necessity of the occupation; but this existence, however narrow and distorted, has the primal virtues of vividness and vitality. It not only depicts human passions, but it also requires in its servants a varied and constantly ready fund of emotions and instincts. Lacking the free air of independence and impartial thought, it has to the full the warm breath of crude but passionate humanity. In feeling, however blind in life, however fragmentary, the onlooker finds more to love in the players' world than in all the dead decorum of a Philistine prosperity. —Norman Hapgood.

## NORMAL STUDENTS WERE SUSPENDED

Board of Regents at Emporia Upholds President Hill.

### SYMPATHIZERS HELD MEETING

Decided to Abide by Regents' Action—Trouble Arose From Circular Letter Demanding Hill's Dismissal.

Emporia, Kan., May 18.—The 53 young men who signed the circular recently which assailed J. H. Hill, president of the normal, have been suspended for ten days by order of the board of regents. The board has just finished its investigation and called a general assembly of the students in chapel, when the decision was announced. The order suspending the young men reads:

Resolved, That the following students be suspended for a period of ten days from this date, provided that any or all of them may be reinstated at any time within said period, or may, for cause, be refused reinstatement, at the discretion of the constituted authorities of this school.

This was followed by a list containing the names of the 53 students who are to suffer suspension for signing the circular attacking the president.

The faith of the board in the integrity of President Hill was expressed by George Tucker, chairman, when he said:

"I wish to say that President Hill has the unlimited confidence of the board of regents of the normal schools of Kansas as a man who possesses a character that is unimpeachable."

This statement called forth tremendous applause from the students. The board suggested that inasmuch as Sidney L. Miller, editor of the Normal Bulletin, is under suspension, a substitute be appointed.

It is the intention of the board not to deprive seniors of their degrees or undergraduates of their term's work, by this sentence, provided no further cause for displeasure is given the faculty.

Two hundred students, sympathizing with those suspended, held a mass meeting during the afternoon and decided to abide by the regents' decision and not adopt a rebellious attitude.

### NEW INDICTMENT FOR ARMOURS

Federal Grand Jury Now Charges Packers With Shipping Cattle Without Inspection.

Chicago, May 18.—Armour & Co., recently acquitted in connection with the government's trust suit against the beef packers was again indicted by the federal grand jury, charged with the shipment of 40 head of cattle to its branch house in South Bend, Ind., without the beehives having been branded by the government's inspection stamp.

Arthur Meeker, general manager of Armour & Co., asserted that the company had violated no law in the shipment of the meat named in the indictment as they were farm killed, therefore not subject to inspection.

### PACKERS FEAR INVESTIGATION

FRANTIC EFFORTS BEING MADE TO PREVENT EXPOSURE.

Congress Flooded With Protests Against Inquiry Regarding Conditions of Slaughter.

Washington, May 18.—Cattle breeders associations of the West and Southwest, intimately connected with the packing interests, are making frantic efforts to prevent a complete investigation of unhygienic conditions surrounding the slaughter and distribution of beef. Congress is being flooded with angry protests against further exposure.

No doubt exists, that in spite of these protests, the committee on expenditures in the department of agriculture will order a full and complete investigation.

Voicing the anxiety of the packing interests, to prevent further investigation Representative G. N. Haughen has received telegrams from the Sioux City Clearing House association and the Sioux City Live Stock exchange and others. All of them demand that he use his influence to stop the investigation under the Nelson resolution, saying that such an upheaval would be of great harm to the stock industry and packing interests of the country.

Many other members of congress frankly admit that they have received similar letters and telegrams, but that they are afraid to make them public. It is noted that not one protest has come from the feeders of high grade cattle, raised for export trade in Ohio, Illinois, Missouri and the grazing sections of Virginia, Maryland and Pennsylvania.

### General Freight Strike Likely.

Chicago, May 18.—A general strike of railroad freight handlers throughout the country will be called immediately following a conference of international officials, according to a statement made by P. J. Flannery, president of the union here.

## Home Health Club

By DR. DAVID H. REEDER,  
LaPorte, Ind.

PEROXIDE OF HYDROGEN—Having heretofore given the chemical character of this liquid, and the fact that it is always to be found in the Home Health Club books, makes it unnecessary to repeat it here.

Peroxide of Hydrogen is not a medicine or drug, in the ordinary sense, any more than air or water. It is merely the concentrated elements of these and it is the most perfect purifier known. As a disinfectant, it is invaluable and should be in every household all the time. It is not poisonous and may be swallowed without harm—to a reasonable extent. Anything is poisonous if you take too much of it—even bread and meat.

Infected sores, abscesses, any diseased surface may be treated with it to the best advantage. It purifies and cleanses, instantly, by oxidizing the poisonous substances energetically and rendering infected parts sterile. At the same time it does not injure healthy tissues but cleanses them thoroughly, when effectually applied. It destroys the cause of the pus and makes it entirely harmless. When applied it bubbles vigorously, showing that it is making a one-sided and victorious fight. It is a relentless enemy of foul odors.

A solution in proportions of one ounce of the peroxide to a gallon of water is a perfect deodorant and disinfectant in purifying cellars, out-houses, etc., and in this, or even greater solutions it makes a purifying wash after a bath. Where the odor of perspiration becomes troublesome, it is exceedingly efficacious by sponging the armpits, hips, feet, et cetera, with it. Used as a mouth wash it cleanses the teeth and mucous membranes and renders the mouth clean and fresh, besides purifying the breath and preserving the teeth. It makes an excellent gargle for sore throat, and used in the proportion of one teaspoonful to a pint of water it gives great relief for catarrh and hay fever, as a nasal treatment. For bites of animals, insects and reptiles it should be applied at once. It destroys the powers of contagion, and armed with it, one may be brought in contact with the infectious disease with impunity—using it both before and after exposure—the latter, if brought in contact with contagion unwittingly. It is fine for sunburn, tan, pimples, parasitic growths, and often facial blemishes are removed by its use. It bleaches the hair and dark cloth, and must therefore be kept away from these. Cuts, bruises, burns and all such injuries should be treated with it at once.

Peroxide of Hydrogen is not a patent medicine but is as free from ownership in the secret of its manufacture as air and water. It is very inexpensive and may be procured in any drug store. Hence, this is not an advertisement for its sale.

There is probably no single article for healing purposes that has so many beneficial uses as Peroxide of Hydrogen. Get a bottle of it and try it at the first demand and you will be thankful to the Home Health Club for sending you this advice.

### CLUB NOTES.

Dear Doctor: Have had what the doctors pronounce hives for more than a year. They break out in lumps like large welts mostly along the evening or in the night, but there is usually some on my body. They come on limbs and body and my hips swell and get thick. They are very annoying. The doctors blame it to my stomach or what I eat, but my stomach seldom bothers me. L. G.

This difficulty is very annoying and is most frequent among children, though occasionally adults also will be troubled with it. It is usually caused by digestive derangements, such as provoked by eating certain classes of food which may be especially unacceptable to some stomachs. Honey and strawberries, cucumbers and shell fish are often regarded as causes for hives.

The necessary treatment consists in keeping the bowels open and adding the digestion by some such remedy as Golden Seal of Compound Gentian. Witch Hazel extract applied externally allays the itching.

There is a possibility of the trouble being something else, the above only refers to a case of hives.

Dear Doctor: can you tell me how to thin off and not leave the skin wrinkled and flabby. A. R.

The best and safest home treatment of overcoming fleshiness is by drinking an abundance of fresh pure water, a method which I have fully explained in these columns on more than one occasion. It is also fully described in the Club books. An average person can easily take 4 quarts a day with "zweibach" which should be well masticated. These two sub-

stances would not only sustain life but keep up strength. Such a treatment can be continued almost indefinitely until the desired results will be accomplished.

All readers of this publication are at liberty to write for information pertaining to the subject of health at any time. Address all communications to the Home Health Club, LaPorte, Indiana, U. S. A., with name and address in full and at least four cents in postage.

### RAVENWOOD.

There are indications at present that we will now have some warm growing weather. Last week closed with heavy rains and high water and was cold up to Friday morning. There was some frosts on low lands Friday morning, but I think no damage will result. Farm work has been at a standstill all week; low land is still too wet to work, but if everything works well from now on there is plenty of time to make an abundance of everything that the soil will produce and elect Champ Clark president of this great country. Then who would not be happy.

Clark stock is the highest on the market here, our Republican friends here are getting disgusted with their campaign so far.

Farmers say the prospect for a good wheat crop is the best for many years, and oats looking well. Grass is unusually good. Gardens are looking well but are a little late.

Duff Bros., bought back the meat market that they sold two weeks ago to Wm. Manorgan.

### Brought to Hospital.

Mrs. John Neal of Savannah was brought to St. Francis hospital Friday for treatment. Her mother, Mrs. Charles Strong of Pickering is with her. Mrs. Neal is a sister of Dick Strong of this city.

Mr. and Mrs. A. Hardisty went to St. Joseph Friday evening to visit until Monday with their children.

### The Demons of the Swamp

Are mosquitos. As they sting they put deadly malaria germs in the blood. Then follow the icy chills and the fires of fever. The appetite flies and the strength falls; also malaria often paves the way for deadly typhoid. But Electric Bitters kill and cast out the malaria germs from the blood; give you a fine appetite and renew your strength. "After long suffering," wrote William Fretwell of Lucama, N. C., "three bottles drove all the malaria from my system, and I've had good health ever since." Best for all stomach, liver and kidney ills. 50 cents at the Orear-Henry Drug Co.

## How Do You Choose Your Automobile?

As you would a buggy, a driving horse, a grain binder or anything you would expect to give hard usage and get good results from, not only now, but for several years?

Or would you buy something cheaper, and save some money—on first cost—and because it goes, and nicely too, when new.

### MANUFACTURING FACILITIES

A good motor car is not built in a day, or a season, although it is possible to design and build an acceptable automobile—so far as appearances go—in a very short period, but it takes time, money, and the BEST engineering talent to build a good automobile.

The body, paint, trimming and other finishing details must be of good quality and pleasing appearance, but they are minor details. It is the unseen parts—the interior mechanism in the car—that counts.

In selecting an automobile, as much attention should be paid to where and how it is manufactured as to what material is employed in its production, its appearance, etc.

The Buick have the largest, best equipped, new automobile factory in the world with over 56 acres actual floor area; employ over 8,000 workmen, and BUILD—not buy parts and assemble—the entire car, accessories and bearings excepted.

This is Buick's eighth year building cars; about 90,000 to date. THERE ARE MORE OLD BUICK CARS IN SERVICE IN THIS COUNTRY THAN ALL OTHER OLD CARS COMBINED.

After all, you are interested in this one particular car. You want to KNOW that it is trustworthy, reliable, and also be assured that should an accident happen you would have no difficulty in replacing any broken parts. A direct factory branch in Kansas City with a complete line of accurately fitting parts.

The Buick line for 1912 comprises six models in Roadsters and Touring Cars, substantially the same in design and construction, differing only in size. All equipped with the famous Buick over-head valve motor, which we guarantee has more speed and more power than any equal size motor on the market, and competitive tests have demonstrated its superiority and endurance in 94 per cent of all tests in which we have participated.

Come and look them over carefully from the top and finish to the powerful smooth running motor.

Also a used Chalmers 30 in perfect condition. A new quiet running, powerful Mitchell. These for sale at a bargain.

### NEW BATTLESHIP LAUNCHED

### LARGE NUMBER OF GOVERNMENT OFFICIALS PRESENT.

Texas Largest Vessel Ever Built for U. S. Navy, Takes First Dip Into Atlantic.

Newport News, Va., May 18.—In the presence of one of the biggest gatherings ever assembled to watch the launching of a United States battleship, little Miss Claudie Lyon, daughter of Col. Cecil Lyon, Republican national committeeman from Texas, christened the Texas as she slid down the ways in the Newport News Shipbuilding company's drydock today for her initial dip in the Atlantic. The Texas, besides being Uncle Sam's largest sea fighter, will augment the sea fighting force of the United States with first class battleship No. 35 when she is completed.

Miss Lyon, holding the bottle of champagne in readiness for the christening, was almost completely hidden from sight among the notables who occupied the launching stand. Around her were Governor Colquitt of Texas, Governor Mann of Virginia, Admiral Dewey, and a large delegation of navy and government officials. Fully 12,000 people crowded into the shipyard to witness the launching.

The ceremonies were brief. While the visitors were escorted to the launching stand, a large gang of workmen busied themselves about the great mass of steel stationary on the ways, and bands from other battleships enlivened the wait with brisk airs. Soon a red flag was run up on the forepeak as a signal that the giant ship was ready for the launching. Miss Lyon took her stand at the head of the launching stage, a bottle of champagne in her hand, while the workmen knocked out the remaining supports. At last a shrill whistle proclaimed everything in readiness, and a cheer went up as the great ship quivered and slipped slowly down the ways, gaining momentum as she traveled. The river craft greeted her with a screaming salute, which completely drowned Miss Lyon's shrill cry "Go brave ship, I christen thee Texas," as she broke the bottle of champagne on the ship's steel prow.

The Texas, as she floats today, is about half completed. Her contract calls for completion on or before December 17, 1913. She will be 565 feet long, 95 feet 2 1/2 inches broad on the load water line, with a draft of 28 feet 6 inches and a normal displacement of 27,000 tons. Her length over all will be 573 feet and her estimated trial speed will be 21 knots. Her guns will include ten 14-inch guns, sixteen 5-inch 51-caliber rapid-fire guns and four 3-pounder saluting guns. In addition she will have four 21-inch submarine tubes. Being a flagship she will carry 63 officers and 1,009 men.

### CHARTERED A NEW INTERURBAN

To Build Line From Parsons to Coffeyville and Furnish Power for Commercial Purposes.

Topeka, May 18.—A new interurban railway was given a charter by the Kansas charter board. It is the Kansas Central Traction company and has a capital of \$1,000,000. The company will have its headquarters at Parsons and will build a line from Parsons to Coffeyville and a branch line from near Parsons to Columbus. The road will be about 70 miles long and authority is given to construct additional branches to serve other communities and to establish electric power plants and furnish power at commercial rates.

Would increase Acreage. Springfield, Mo., May 18.—Plans for the organization of a tri-state association of grain dealers for the purpose of increasing the acreage and production of wheat in southwest Missouri, southeast Kansas and northeast Arkansas were made at a meeting of the Southwest Missouri Millers' club in this city.

Rhodes in Italian Hands. Rome, May 18.—Premier Giolitti announced in the chamber that Gen. Ameglio had surrounded and defeated the Turkish garrison at the island of Rhodes, which had surrendered, and had been accorded military honors.

### HORACE GREELEY IS OUTDONE

Joaquin Miller is Believed to Be the World's Champion at Illegible Writing.

Old-time printers are never tired of telling weird stories of the unreadable handwriting of Horace Greeley. In modern times it has been said that the "copy" of Mr. William Winter was a task to worry even the smartest compositors, but it is said that the champion illegible writer is Joaquin Miller, the "Poet of the Sierras." It is related that some time ago the secretary of a well known club in San Francisco wrote to Joaquin Miller, asking him to take part in some celebration. In response to the secretary's letter came a four page letter from the poet, but none in the club could decipher it.

There was nothing for it but to write again to Mr. Miller stating that it could not be determined whether his letter was an acceptance or a refusal, and the secretary added, to make sure: "If you will be present on the date mentioned, will you kindly make a cross on the bottom of this letter, and return it? If it will be impossible for you to appear, kindly draw a circle."

By return mail the secretary's letter was returned to him, and at the bottom was the sign as he had been requested.

But it was absolutely impossible for anyone to tell whether the sign was meant to be a cross or a circle.

### GOT FEAST, BUT NO BULLETS

Hungry Soldier in Besieged Town of Kimberley Called the Bluff Made by Colonel Kekewich.

In some reminiscences of the late Boer war Colonel Kekewich, who so gallantly defended Kimberley for 126 days, tells the following story:

One day he was approached by a private, who asked:

"Colonel, when do you expect, we are going to get something to eat?" "Eat!" exclaimed the colonel. "Did you join the army merely to get something to eat?"

"Well, that's about the size of it," replied the soldier.

"Here," said the colonel, calling an officer, "give this man something to eat, and then have him shot."

The officer understood the joke and replied:

"All right, colonel."

The private, however, exhibited no alarm, and, turning to the officer, said:

"Boil me a ham, cap'n, stew up a couple of chickens, bake two or three pounds of potatoes, fetch a gallon of beer and load yer guns! With such inducements the man who wouldn't be willing to die is a blithering idiot."

A hearty meal was prepared for the soldier and the threatened execution never came off.—Tit-Bits.

### Moses, Electrician.

That electricity must have been known to the ancients has been many times asserted, but now comes forward an electrician in Munich—Mr. Stadelmann—who has been in times past an archaeologist, to assert that he found in Egypt, in buried walls, indications denoting the use of electric lamps, says a writer in Harper's Weekly. He claims that Moses brought electricity from Egypt, and that there are Biblical paragraphs which will bear him out in his statement that lightning rods were in use in the temple at Jerusalem. Stadelmann believes that the serpent of bronze of Moses was nothing more or less than an ordinary lightning rod such as is in use today.

He points out, further, that the Ark of the Covenant, made as it was of wood and adorned inside and out with gold, constituted a veritable Leyden jar which communicated with a lightning rod on the roof, and that it was so arranged that under determined conditions it could be charged with electric fluid and produce the death of any ignorant person daring to enter the sacred precincts of the ark without necessary precautions.

### Woman's Factory.

A silk spinning factory near Marselles, which was organized by a woman and is managed by women, boasts that within the nine years of its existence it has never had a strike. One thousand women are employed by Mme. Garnier, the owner. The only men in the factory are those employed to fill positions unsuitable for women, such as stokers, etc.

Mme. Garnier planned the factory herself in every detail. The machinery for silk spinning is an invention of her own, and has proved so successful that she is enabled to give her employees more than the average wages and still compete successfully with rival industries. Perhaps some of our own manufacturers would do well to go and take a few lessons from Mme. Garnier.

By Camel Across the Sahara. N. le More, a Frenchman, 24 years old, has just completed a journey by camel across the Sahara from Algiers to Timbuctoo, in the French Soudan. His object was to mark out the route for a proposed aeroplane flight across the desert. He was away from civilization for 13 months, and covered more than 5,000 miles. At Ain Salah, which was reached after 13 days, the traveler met another Frenchman and his wife, living in the lonely district. After that the caravan went for 29 days without meeting another human being.

## FELT BAD ALL THE TIME

Shellhorn Lady Suffered a Great Deal, But Is All Right Now.

Shellhorn, Ala.—In a letter from this place, Mrs. Carrie May says: "A short time ago, I commenced to have weak spells and headaches. I felt bad all the time, and soon grew so bad I couldn't stay up. I thought I would die."

At last my husband got me a bottle of Cardui, and it helped me; so he got some more. After I had taken the second bottle, I was entirely well.

I wish every lady, suffering from womanly trouble, would try Cardui. It is the best medicine I know of. It did me more good than anything I ever used."

Cardui is a woman's tonic—a strengthening medicine for women, made from ingredients that act specifically on the womanly organs, and thus help to build up the womanly constitution to glowing good health.

As a remedy for woman's ills, it has a successful record of over 50 years.
